- Start with low intensity
- For personal use only
- Do not use the product while charging
- Keep away from sharp objects or extreme temperatures
- Keep out of reach of children
- Avoid direct sunlight. Store in a cool, dry place

Troubleshooting, Warranty & Customer Support

Troubleshooting

The toy won't turn on or won't charge
Make sure the toy is fully charged using the original charging cable. Press and hold the power button for at least 3 seconds to turn it on. If the toy remains unresponsive after charging, please contact customer support for assistance.

Weak vibration or thrusting function not working
Switch to a different mode or increase the intensity level using the control button or app. If the function still does not respond, the product may not be operating properly. Please contact customer support for further help.

Cannot connect to the app
Ensure that Bluetooth is enabled on your smartphone and that the toy is powered on. Keep the toy close to your phone during pairing. If the connection cannot be established, try restarting Bluetooth or reinstalling the app before attempting again.

Warranty & Customer Support

Warranty Period: 12 months from the date of purchase

Warranty Coverage
If your toy has a manufacturing defect within 12 months, we will provide a free replacement or a full refund.

Exclusions
This warranty does not cover damage caused by:

- Misuse or accidental damage
- Improper cleaning or storage
- Modifications or unauthorized repairs

Usage Instructions

Before using this product, please read this instruction manual thoroughly and understand the usage precautions, product features, and methods to ensure correct and safe use. Additionally, keep this manual in a safe place for future reference.

- Clean the product thoroughly before use with a water-based lubricant.
- If not used for a long time, clean it well and store it away from direct sunlight, high temperatures, and high humidity.

Charging

- Always use a standard charging AC adapter and the included charging cable. The fast-charging adapter may cause the built-in battery to deteriorate or fail to charge fully.
- Make sure the connection part does not get wet during charging.
- Ensure the charging time does not exceed 12 hours and monitor the charging process closely.
- Do not use the product while charging.

Maintenance

This product complies with the international waterproof standard and can withstand high-pressure water flow from any angle. Submerging it in water may cause malfunction. Wipe off any moisture and dry it completely after rinsing.

- If not used for a long time, store it away from high humidity and direct sunlight.
- Before the first time or after a long period of non-use, make sure to charge it once fully.

Warning

- As this is an adult product, keep it out of reach of children.
- If you experience skin allergies or discomfort while using the product, stop using it immediately and consult a doctor if necessary.
- If you find any malfunction or abnormal behavior, stop using it immediately and turn off the power.

Disposal

- This product contains a lithium-polymer battery. Do not dispose of it as household waste. When disposing, remove the battery and follow the disposal methods prescribed by your local authorities.
